INDUSTRIAL

A modern industrial-style interior featuring a white rectangular table with a grey metal base. Two chairs are positioned at the table: one is bright orange with a dark wooden base, and the other is grey with a black metal base. A laptop is open on the table. The room has large floor-to-ceiling windows that offer a view of a city skyline at night. The floor is made of light-colored wood planks. In the background, a staircase with a glass railing is visible. The overall aesthetic is clean, minimalist, and functional.

FCCP (PTY) Ltd was formed in 1976 and we trade in a wide variety of components and products on a wholesale and indent basis. We are situated in Midrand, (midway between Johannesburg and Pretoria) and even though this does allow us to supply and service our customers in the business hub area of Gauteng known as the industrial nucleus of South Africa, our strong logistical set up and capabilities allow us to supply and service customers country wide and outside our borders as well.

FCCP (PTY) Ltd is a leading supplier of office furniture components and products, which we import and distribute from our own warehouse. Our Customs approved, bonded warehouse allows us to supply our customers in a manner that is cost and time efficient.
